Plus home study:

[Reading List](#) and continued practise of the skills learnt.

Maximum price* for Part 1:

£3,450*

* Savings can be made if you take advantage of our special offers.

Part 2

2 separate weeks of intensive training

This includes therapy demonstrations by the tutors, skills development, student practice sessions, a 2 hour written examination and continual competency-based assessment

Requirements:

You must have completed all 17 elements of Part 1 before attending, and have read the HG Diploma Manual in full, as well as the essential elements of the Diploma Reading List.

Qualification:

On successful completion of both Parts 1 & 2 you will be awarded the Human Givens Diploma (HG.Dip.) You will need to upgrade your HGI membership to Graduate level (GHGI). If you are seeing clients and/or working towards Part 3, you **must** always make your trainee status clear by calling yourself HG.Dip.P. (Trainee).

Once you have successfully passed Part 2, you have two years within which to take Part 3.

Course price for Part 2:

£4,385

Working towards Part 3

Once you have qualified as a Trainee HG Practitioner, you will need to become a [Graduate Member of the HGI](#) and find an HGI-accredited supervisor who will guide and support you as you develop your clinical skills through therapeutic practice with suitable clients and cases. Your supervisor will let you know when they think you are ready to progress to Part 3. For more detailed information, please read: [Working Towards Part 3](#)

Cost: This will vary depending on the final number of supervision sessions you have (the required ratio is at least 1 hour of supervision to every 8 hours of therapy work undertaken with clients) and the hourly rate of your chosen supervisor. You will also need to pay for your [Graduate Membership of the HGI](#).

Part 3

1 week of skills practice
and ongoing assessment

This final practitioner level qualification is a week of intensive training which gives you the opportunity to further practise and demonstrate your practical skills under supervision and rigorous ongoing assessment.

Requirements:

You can proceed to Part 3 once you have successfully passed your Part 2 examination and assessment (as long as this was no longer than 2 years ago) and your supervisor advises that you are ready to do so. You will therefore have already completed the required amount of therapeutic practice with a minimum of 10 different clients, have had regular ongoing supervision with your HGI accredited supervisor, be a Graduate HGI Member (GHGI) and hold Professional Liability Insurance. With your application you will also need to submit 2 professional references and a written case study, which will be assessed and discussed during the course.

For more detailed information, see the [Part 3 Student Information Sheet](#).

Qualification:

Human Givens Practitioner Level Diploma (HG.Dip.P) which enables you to practice as a fully qualified HG therapist. You will need to become a Registered Member of the HGI to be entered on the official Professional Register of human givens practitioners, which is accredited in the UK by the Professional Standards Authority for Health and Social Care (PSA).

Course price for Part 3:

£1,992
